

Request for Reconsideration of Rate

Member Name: _____ ID Number: _____

I wish to submit the following request to South Dakota Farm Bureau Health Plans Enrollment Department to reconsider my rate for coverage.

What you need to know:

- When processing a Reconsideration of Rate, South Dakota Farm Bureau Health Plans Enrollment Department will review all current health conditions, medications, and/or treatment to determine if you are eligible for a rate reduction based on our current underwriting standards. If the factors in your original underwriting decision are resolved in your favor, it may be possible that current health conditions, medication, and/or treatment will prevent a rate reduction to be allowed for your coverage at this time.
- Claims experience from any previous South Dakota Farm Bureau Health Plan coverage will be used in the reconsideration process.
- Any information submitted may result in the South Dakota Farm Bureau Health Plans Enrollment Department requesting additional medical information.
- If you and/or your dependents were originally rated for height and weight, blood pressure reading, blood pressure medication, cholesterol reading or cholesterol medication, glucose reading or Hemoglobin A1C Reading, we will require current readings in the last 12 months taken by a healthcare professional to review your rate.
- If your plan is a family plan, we will require the form be completed with everyone's information listed on the contract to reconsider your family rate. If not completed in entirety, we will have to return the form.
